 > Hello Folks,
 >
 > Attached is the revised drawing for the Rilda Canyon portal facilities
 > as we discussed yesterday up in the canyon. The outline of the
 > disturbed area is approximately 6 acres. This area is extremely
 > tight. I have not yet talked with the mine superintendent to see if
 > this small area is manageable. I would very much like to keep the
 > discussion open to utilize the small, flat, reclaimable, area of the

> right fork.
>
> Also, the area around the sediment pond (Leroy Mine Area) has not yet
> been added to the total disturbed area. The area will be add when we
> can get a good estimation on soil storage requirements.
>
> Also added to the drawing is the spring development study area for
> North Emery Water Users Association. This will be needed as part of
> our proposal as a mitigation measure to protect the water quality of
> the NEWUA spring.
>
> Hopefully all can join in the conference call at 1:00 today.
